

SPEED AUTOMOTIVE & NEW ENERGY TECHNOLOGY
TURBOCHARGER MANUFACTURER

COMPANY PROFILE

Wuxi Speed Automotive & New Energy Technology Co., LTD. is a company specialized in the production and sales of turbochargers and relevant components.

Excellent Quality

Automotive OE components supplier, certified by IATF 16949

Premier Products

Design, manufacture and delivery for racing turbos for top high end user

Best service

Engineering design, fast prototyping, full capability of manufacture and 24 hours customer service

20+
Countries

70+
Customers

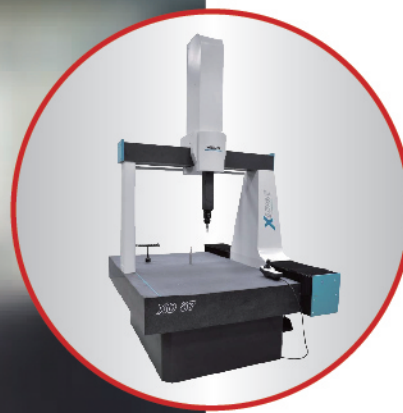

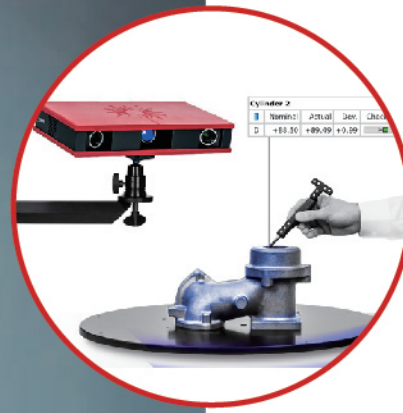

150+
Champions

600K+
A/VOL

ADVANCED EQUIPMENTS

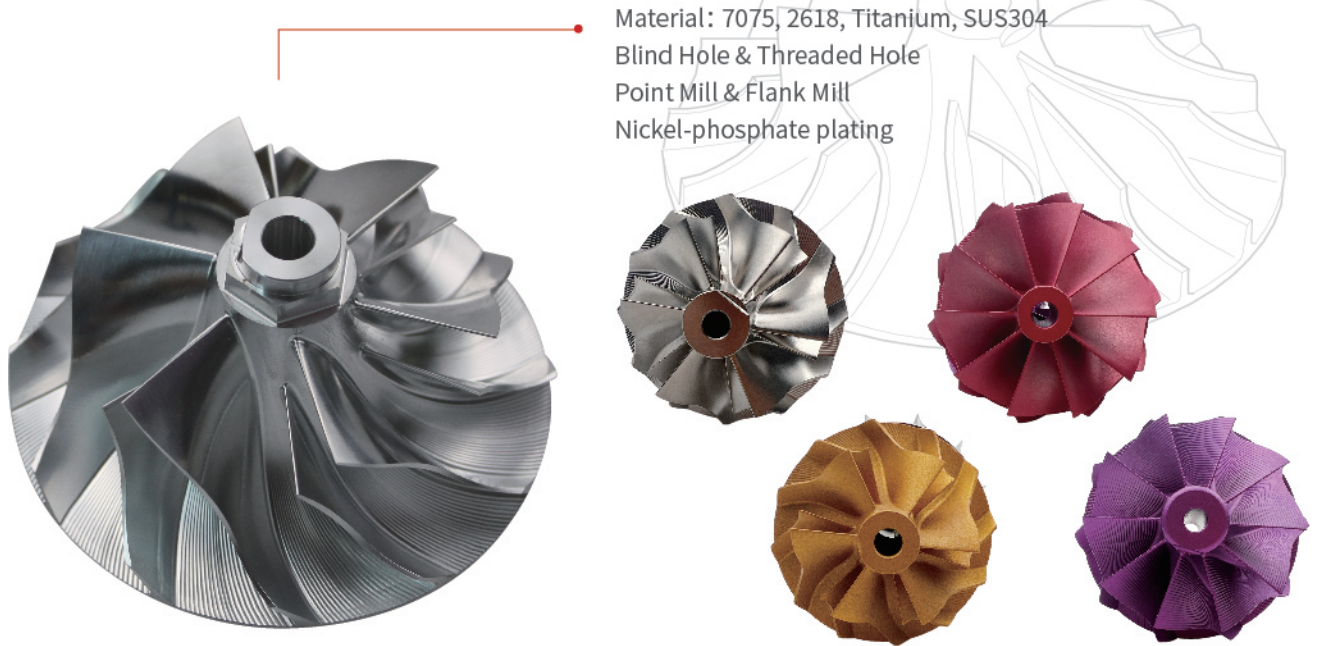

Wuxi Speed Automotive & New Energy Technology Co., LTD. has advanced CNC machine, Semi-automatic balancing machine, CMM, Five-axis machining center, 3D Metal Printer and other equipments from USA, Germany and Switzerland.

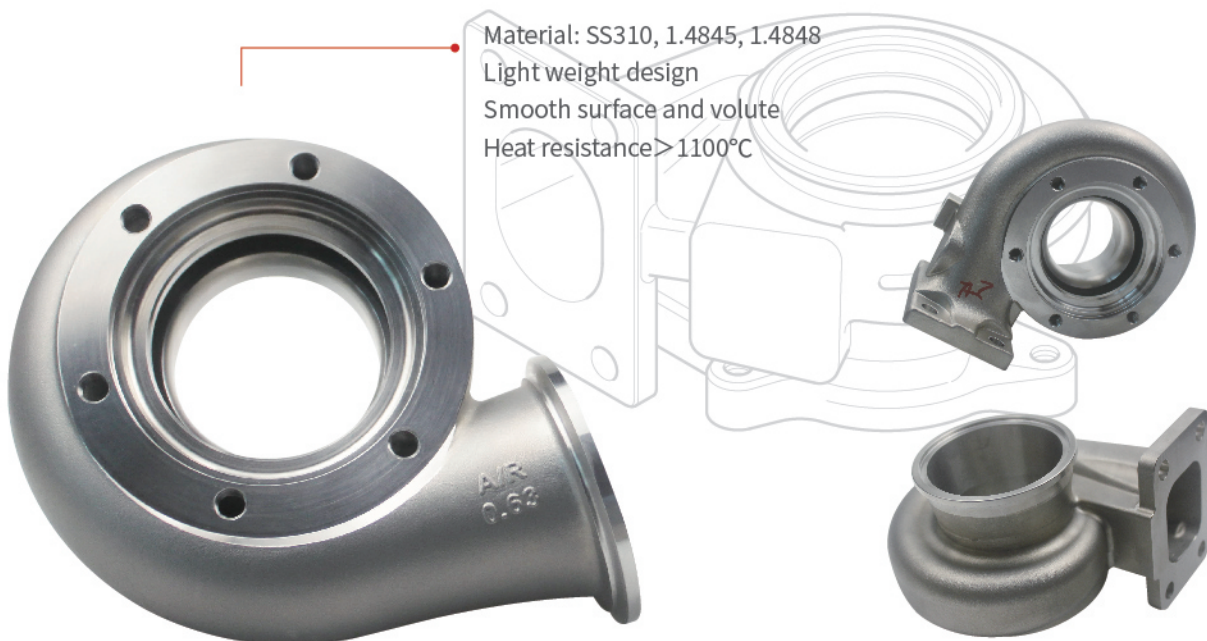

We have maintained a good reputation to provide superior technology support, promote technological innovation.

EXCELLENT PRODUCTS

Billet Compressor Wheel

Stainless Steel Turbine Housing

Compressor Housing

Material: A356

A smooth interior and exterior machined by polishing process

Volute Roughness Ra<1

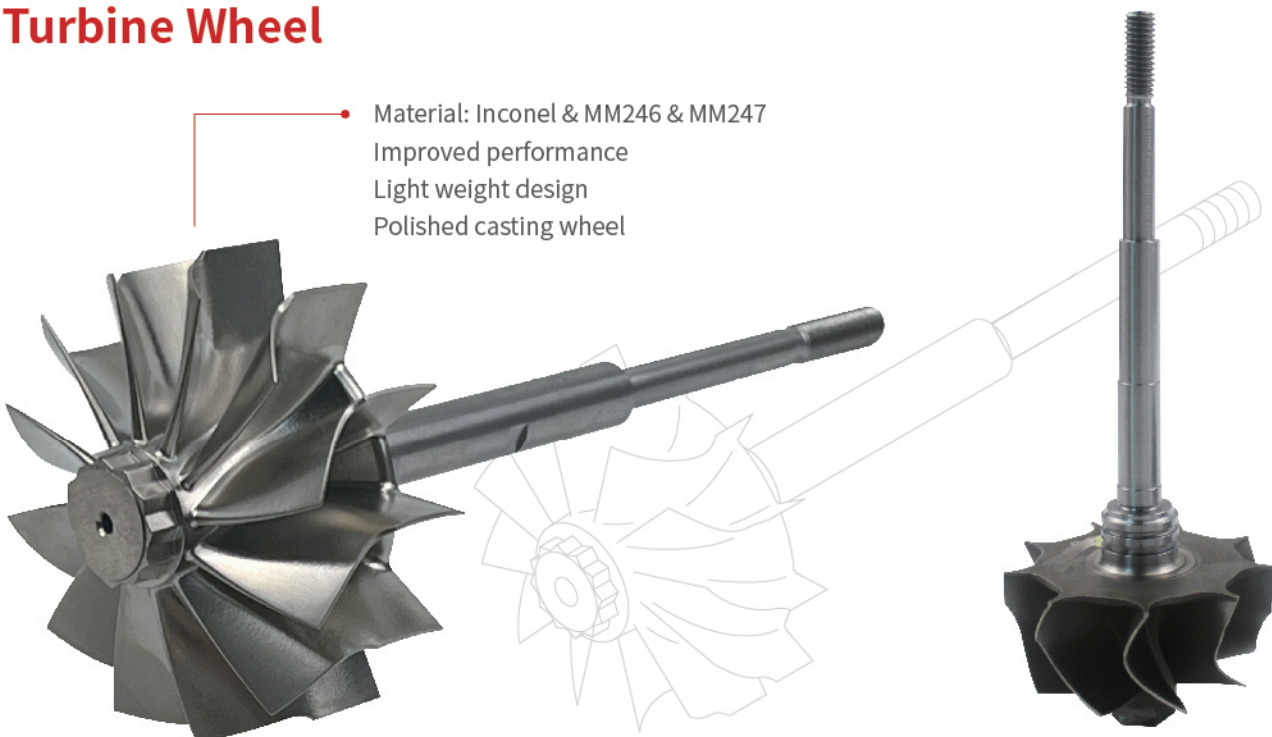

Turbine Wheel

Material: Inconel & MM246 & MM247

Improved performance

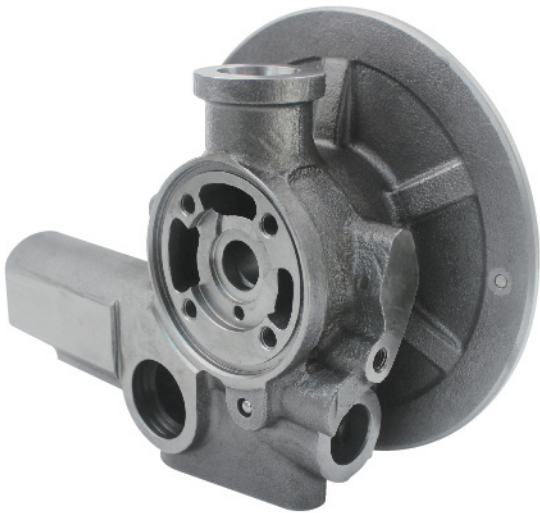

Light weight design

Polished casting wheel

EXCELLENT PRODUCTS

Center Housing

Material: HT210 & HT250
Water & Oil cooling
Customized according to the clients' requirement

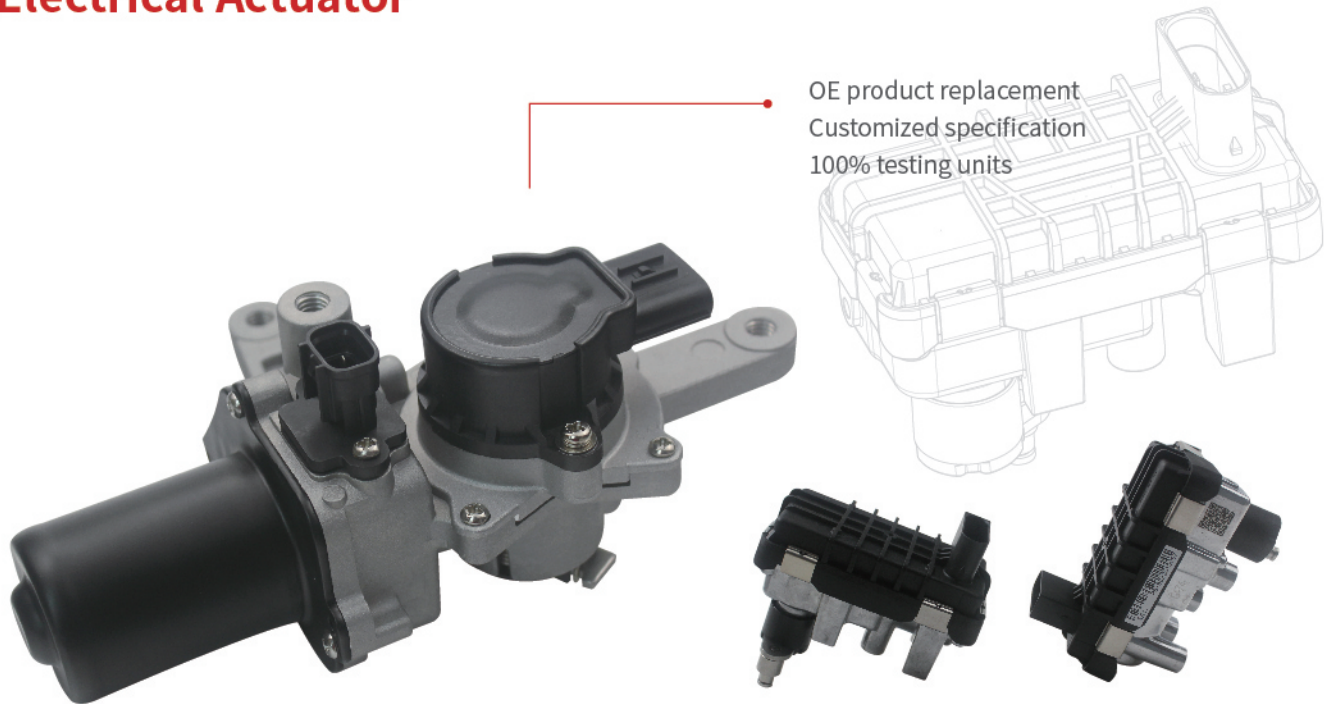

Nozzle Ring

VNT & VGT
OE certified material
Automotive welding and inspection
Stable, durable and reliable performance

Electrical Actuator

Ball Bearing
